INDEX OF SUBJECTS AND AUTHORS

Accessory nasal sinuses, Disease of, 312
—— stomach in the right thorax, 27
Acetone extract of tubercle bacilli, 531
ADAMS, W. E., AND ESCUDERO, LUCILO. Healing of experimental pulmonary tuberculosis by fascial transplantation and bronchial ligation, 298
Allergic and desensitized guinea pigs, 10
Anaemia as a predisposing factor in tuberculosis, 325
—— of pulmonary tuberculosis, 466
ANDRUS, PAUL M. The pathogenesis of tuberculous cavities, 174
Artificial culture media II, Spontaneous lysis of tubercle bacilli on, 777
—— pneumothorax, Bilateral, 570
—— ——, Results of, 277
Ascitic fluids, pleural and, plasma, Sedimentation rate of red blood cells in, 372
Attenuation by X-rays of the virulence of human tubercle bacilli, 205
AYCOCK, GEORGE F., AND KELLER, PAUL E. Results of artificial pneumothorax, 277

Bacilli, tubercle, Acetone extract of, 531
——, ——, culture, isolation and dissociation of, Medium for the, 514
——, ——, —— of, 503
——, ——, human, virulence of, Attenuation by X-rays of the, 205
——, ——, in sputum, number of, Quantitative method for estimating the, 241
——, ——, Influences of mycetes on, 393
——, ——, Spontaneous lysis of, on artificial culture media II, 777
Bacillus, tubercle, Lipoid growth factor for the, 624
——, ——, natural and acquired resistance to the, Influence of silica on the, 347
BANYAI, ANDREW L., AND CALDWELL, ESTHER. Normal sedimentation rate in open pulmonary tuberculosis, 491
BARGLOWSKI, D. Influences of mycetes on tubercle bacilli, 393
Basophilic erythrocytes in silicosis, 629
BELL, JOSEPH C., AND BROCK, BENJAMIN L. Disease of accessory nasal sinuses, 312
BETTS, REEVE H., AND OVERHOLT, RICHARD H. Lobectomy and thoracoplasty in the same patient, 292
Bilateral artificial pneumothorax, 570
Biological properties, electrochemical and, Molecular weight, of tuberculin protein and polysaccharide molecules, 399
Blind school children, Incidence of tuberculosis among, 96
BLOCH, ROBERT G., AND FRANCIS, BYRON F. Chronic nontuberculous infections of the lung, 651
Blood cholesterol, Bromsulphalein test and, in pulmonary tuberculosis, 229
Body section radiography with the laminagraph in pulmonary disease, 538
BOISSEVAIN, C. H., AND SCHULTZ, H. W. A lipoid growth factor for the tubercle bacillus, 624
BOOKS:
Tuberculosis and leprosy. The mycobacterial diseases. Edited by Forest Ray Moulton. Symposium Series of The American Association for the Advancement of Science, 121
SAUERBRUCH, FERDINAND, AND O'SHAUGHNESSY, LAURENCE. Thoracic surgery, 122
PHILIP, SIR ROBERT W. Collected papers on tuberculosis, 123
SERGENT, ÉMILE. Quelques vérités premières (ou soi-disant telles) en pneumologie clinique, 124
WINGFIELD, R. C. Pulmonary tuberculosis in practice. A modern conception, 125
BURRELL, L. S. T. Recent advances in pulmonary tuberculosis, 3rd ed., 126
REINBERG, S. A. Pulmonary tuberculosis and manifestations of involvement of the bronchial passages, (Russian), 127

Tuberkulose (A postgraduate course of the Academy for Medical Postgraduate Education, Berlin), Edited by H. Ulrici and O. Koch, 130

A five-year study of tuberculosis among Negroes, Report of the Committee on Tuberculosis among Negroes, National Tuberculosis Association, 131

BRIEGER, E. After care and rehabilitation. Principles and practice, 132

BLEEKER, C. V. R., ELTON, FREDERICK G., AHRENS, EDYTH, AND PATTISON, HARRY A. Vocational rehabilitation of the tuberculous, 133

DUBLIN, LOUIS I., AND LOTKA, ALFRED J. Twenty-five years of health progress. A study of the mortality experience among industrial policyholders of the Metropolitan Life Insurance Company 1911 to 1935, 134

SHWARTZMAN, GEORGE. Phenomenon of local tissue reactivity, 136

LEMOINE, J.-M. La thrombose de l'artère bronchique, cause de dilatation bronchique chronique de l'adulte, 137

MAINLAND, DONALD. The treatment of clinical and laboratory data, 139

DE KRUIF, PAUL. The fight for life, 139

VIVOLI, DONATO, AND PERONCINI, JOSE. Anatomia patologica de la tuberculosis del corazon, 140

Third symposium on silicosis, Edited by B. E. Kuechle, Employers Mutual Liability Insurance Co., 141

HOWAT, R. DOUGLAS. Elements of chromotherapy, 141

DOWNES, JEAN, AND PRICE, CLARA R. Tuberculosis control in the Mulberry District of New York City, 141

Questions Cliniques d'Actualité, Leçons professées à la charité service du Professeur Sergent, 141

X. Conférence de l'Union Internationale contre la Tuberculose, 141

PALACIO, JULIO, AND MAZZEI, EGIDIO S. La atelectasia pulmonar, 141

SCHWENK, WALTER. Die Klinik der primären Lugentuberkulose des Kindes, 142

UNDERWOOD, ASHWORTH. Tuberculosis for nurses, 142

URBAN, KARL. Die Chirurgie des Kropfes, 142

Cuarto Congreso Pan-Americano de la Tuberculosis, 142

Internships and residencies in New York City, 1934–1937. Their place in medical education, Report by the New York Committee on the Study of Hospital Internships and Residencies, Jean Alonzo Curran, Secretary, 142

BOISSEVAIN, C. H., AND SCHULTZ, H. W. A lipoid growth factor for the tubercle bacillus, 624

BRAVERMAN, MORRIS M. The anaemia of pulmonary tuberculosis, 466

BRETEY, J., AND NÈGRE, L. Acetone extract of tubercle bacilli, 531

British Guiana, Tuberculosis in, 644

BROCK, BENJAMIN L., AND BELL, JOSEPH C. Disease of accessory nasal sinuses, 312

Bromsulphalein test and blood cholesterol in pulmonary tuberculosis, 229

Bronchial ligation, Healing of experimental pulmonary tuberculosis by fascial transplantation and, 298

—— occlusion due to tuberculous lymphadenitis, 320

Bronchoscopy in chronic nontuberculous infections of the lung, 688

BROWN, LAWRASON, AND HAYES, J. N. Reinduced pneumothorax, 143

BRUNN, HAROLD, AND GOLDMAN, ALFRED. Surgical treatment of nontuberculous pulmonary suppurations, 703

CALDWELL, ESTHER, AND BANYAI, ANDREW L. Normal sedimentation rate in open pulmonary tuberculosis, 491

CARROLL, WILLIAM E. Early primary pulmonary tuberculosis, 190

Case-finding, Mass, 448

Cavities, tuberculous, Pathogenesis of, 174

Chicago high schools, Tuberculosis survey in, 106

Children, high school, tuberculosis in, Incidence and control of, 406

——, school, blind, Incidence of tuberculosis among, 96

——, tuberculosis in, Pathogenesis of, 336

Cholesterol, blood, Bromsulphalein test and, in pulmonary tuberculosis, 229
Chronic nickel poisoning and productive miliary tuberculosis, 252
—— nontuberculous infections of the lung, 651
—— —— —— —— —— ——, Bronchoscopy in, 688
—— —— inflammations of the lung, Pathology of, 663
CLARKE, EMILIE. Mantoux tests with the Gottschall-Bunney diluent for tuberculin, 270
Coccidioidomycosis, Primary, 722
COHEN, SAMUEL, FARACI, PHILIP, AND POLLAK, BERTHOLD S. Sedimentation rate of red blood cells in plasma, pleural and ascitic fluids, 372
Collapse therapy in pulmonary tuberculosis, Results of, 151
COMBS, A. B., AND POLLARD, H. M. Tuberculosis of tonsils, 746
Comparison of direct smear, flotation-concentration and culture in sputum examination, 57
Complex, primary, Endogenous reinfection and, (editorial), 791
Control, Incidence and, of tuberculosis in high school children, 406
——, Tuberculosis, in Germany, 115
CORNISH, P. G., AND PETERS, LEROY S. End results of thoracoplasty, 586
Coryllos, Pol N., 1880–1938, in memoriam, 527
Culture, direct smear, flotation-concentration and, in sputum examination, Comparison of, 57
——, isolation and dissociation of tubercle bacilli, Medium for the, 514
—— media II, artificial, Spontaneous lysis of tubercle bacilli on, 777
—— of tubercle bacilli, 503
CUTLER, J. W. Plombage in pulmonary tuberculosis, 62
Cystic disease of the lungs, 262

DAVISON, F. W., AND PACKARD, JOHN S. Treatment of tuberculous tracheobronchitis, 758
DELAHANT, ANTHONY B., AND VORWALD, ARTHUR J. The influence of silica on the natural and acquired resistance to the tubercle bacillus, 347
DE SAVITSCH, EUGENE, AND MAURER, A. Thoracoplasty in the treatment of pulmonary tuberculosis, 738
Desensitized guinea pigs, Allergic and, 10
Diaphragm, Eventration of the, 590
DICKSON, ERNEST C. Primary coccidioidomycosis, 722
DIETRICH, HARRY F. Prontosil in experimental tuberculosis, 388
Diluent, Gottschall-Bunney, for tuberculin, Mantoux tests with the, 270
Direct smear, flotation-concentration and culture in sputum examination, Comparison of, 57
Disease, Cystic, of the lungs, 262
—— of accessory nasal sinuses, 312
——, pulmonary, Body section radiography with the laminagraph in, 538
——, ——, Mediastinal and hilar angiography in, 557
——, ——, nontuberculous, Roentgenological aspects of, 680
Dissociation of tubercle bacilli, culture, isolation and, Medium for the, 514
DOUGLAS, BRUCE H., SALEY, D. H., AND STRINGER, C. J. Bilateral artificial pneumothorax, 570
DREA, W. F. The attenuation by X-rays of the virulence of human tubercle bacilli, 205
DUBROW, JAMES L., AND WYNNE, W. R. Cystic disease of the lungs, 262
DUFFNER, GERALD, AND SEWALL, HENRY. The skin as an organ of experimental tuberculous infection, 1

Early primary pulmonary tuberculosis, 190
EDITORIAL. Endogenous reinfection and primary complex, 791
——. The purification of tuberculin, 523
EDWARDS, H. R. Tuberculosis control in Germany, 115
Electrochemical and biological properties, Molecular weight, of tuberculin protein and polysaccharide molecules, 399
Emphysema, Pulmonary, in tuberculosis, 594
End results of thoracoplasty, 586

Endogenous reinfection and primary complex, (editorial), 791
Environmental factor in relation to high Negro tuberculosis rates, 197
Erythrocyte sedimentation, 495
Erythrocytes, Basophilic, in silicosis, 629
ESCUDERO, LUCILO, AND ADAMS, W. E. Healing of experimental pulmonary tuberculosis by fascial transplantation and bronchial ligation, 298
Eventration of the diaphragm, 590
Examination, sputum, Comparison of direct smear, flotation-concentration and culture in, 57
Experimental pulmonary tuberculosis, Healing of, by fascial transplantation and bronchial ligation, 298
—— tuberculosis, Prontosil in, 388
—— tuberculous infection, Skin as an organ of, 1

FARACI, PHILIP. See COHEN, SAMUEL, *et al.*, 372
Fascial transplantation and bronchial ligation, Healing of experimental pulmonary tuberculosis by, 298
Flotation-concentration, direct smear, and culture in sputum examination, Comparison of, 57
FRANCIS, BYRON F., AND BLOCH, ROBERT G. Chronic nontuberculous infections of the lung, 651
FRANCIS, OLIVER M. Tuberculosis in British Guiana, 644
